**Letter Writing Campaign Advocacy Technique Example:**
Join Illinois Holocaust Museum & Education Center and the League of Women Voters of the United States in fighting for passage of the Equal Rights Amendment.
The League of Women Voters of the United States has supported and pushed for ratification of the ERA since it was first passed by Congress in 1972. Leagues across the country have worked to engage lawmakers and organize at the grassroots level to ensure equal rights for all, regardless of sex. On January 27, 2020, Virginia became the 38th state to ratify the Equal Rights Amendment.

Contact your Representatives today and ask them to vote Yes for H.J. Res. 79 and remove the ERA’s ratification deadline so that the ERA becomes law.

Feel free to use this sample letter below:

Dear Representative:

Virginia became the 38th State to ratify the equal rights amendment, reaching the threshold needed to ratify the Equal Rights Amendment. I am writing to you today as a member of League of Women Voters, to urge you to help finish this fight for equality by supporting H.J. Res. 79, a bill to remove the ERA’s ratification deadline, so that true equality under the law can be a reality for women across America.

Despite the significant legal and legislative advances that have been made in recent decades, women continue to face discrimination on the basis of sex. Women continue to fight against unequal pay, workplace harassment, pregnancy discrimination, domestic violence, and limited access to comprehensive healthcare. It is not enough to treat the symptoms; we must address the root cause of inequality by amending the Constitution. In addition, legislation can be removed or weakened while our constitutional rights are steadfast and symbolize our values.

The fight for the ERA is not new, and support for it across the country is stronger than ever. Congress has the authority to remove the time limit for ratification and I urge you to use that power now. If you believe in equality for all regardless of sex, I urge you to support H.J. Res. 79 and remove the ERA’s ratification deadline.
