Activity #3 – Timeline Activity

Have students look at the [timeline](#) of the Warsaw Ghetto Uprising and pick out one date or event from the timeline that is of interest to them or that they want to learn more about. Have students complete a short research project on their chosen date or event. Their projects should answer the following questions.

- What happened?
- Who was involved?
- What was the significance of this moment?
- How did this moment affect the Warsaw Ghetto, the Uprising, or the war more broadly?
