Welcome!
Thank you for choosing to visit the Illinois Holocaust Museum & Education Center.

IHMEC is dedicated to preserving the legacy of the Holocaust by honoring the memories of those who were lost and by teaching universal lessons that combat hatred, prejudice and indifference. The museum fulfills its mission through the exhibition, preservation and interpretation of its collections and through education programs and initiatives that foster the promotion of human rights and the elimination of genocide.

This Pre-Visit packet was developed to prepare you and your students for your visit to the Museum. For all school groups, a visit to the Museum is inquiry-based: we ask students to respond to materials they see on their Museum tour while involving them in a conversation about the meaning and relevance of the objects they see, stories they hear and experiences they participate in. An Illinois Holocaust Museum visit is meant to engage students and spark their interest. If we succeed, students will leave with more questions than answers, as well as a desire to learn more.

HOW TO PREPARE YOUR STUDENTS FOR A VISIT

We are confident that the contents of this pre-visit packet will enable you to maximize the educational potential of your visit and engage all of your students.
We do encourage you to visit our website for additional and helpful pre-visit resources such as, an Exhibition Guide, Pre-visit activities, field trip observation worksheet, and post-visit materials. You will also find resources, such as a Holocaust Chronology or Glossary, to photocopy and give as handouts to students.

Did You Know?

- The Illinois Holocaust Museum & Education Center is the second largest Holocaust Museum in the country.

- The Museum’s Karkomi Holocaust Exhibition has over 500 artifacts, documents, and photographs on display, as well as a 20th Century German rail car of the type used during the Holocaust.

- Illinois became the first state in the entire country to mandate the teaching of the Holocaust in all public elementary and high schools, effective January 1, 1990. In 2005, the Museum helped expand the Mandate to include the study of other modern genocides.

- The Museum was created in response to an attempted Neo-Nazi demonstrating in Skokie, IL in the late 1970s, where at the time 7,000 survivors of the Holocaust lived.

- The architectural features of the Illinois Holocaust Museum & Education Center affirm its place as both monument and memorial. Designed by renowned Chicago architect Stanley Tigerman, the 65,000-square-foot space incorporates historical and emotional symbolism as a response to the inhumanity of the Holocaust.

- A visit to the Illinois Holocaust Museum & Education Center aligns with Common Core State Standards for Social Studies, and English Language Arts. Students can practice reading and comprehending informational texts. They can also analyze content in multiple formats of media, as well as write informative/explanatory narratives based on their field trip experience.
Top Seven Reasons to Take a Field Trip to the Illinois Holocaust Museum & Education Center

1. Enhance student learning of history of the Holocaust as told through the personal belongings, photographs, historical records, and stories of local survivors and eyewitnesses.

2. Teach students why, how, what, when and where the Holocaust took place, including key historical trends/antecedents that led up to and culminated in the “final solution.”

3. Apply examination and questioning of primary and secondary sources through the use of film, interactive text and graphics, diaries, letters, newspapers, and first-person testimony, actively engaging students in a direct connection with the ideas of those involved in the Holocaust, and bringing a more personal dimension.

4. Improve critical thinking and problem-solving skills by transforming history into lessons for today, inviting students to discuss the power of choice, responsibility, citizenship, and human rights, and to discover what influences our decisions to act as bystanders or upstanders in response to inhumanity.

5. Increase historical empathy and civic engagement by empowering students to take a stand for themselves and on behalf of others while motivating students to take informed, constructive, collaborative, and positive action in their community and around the world.

6. Apply historical knowledge to real and relevant problems today. Connect the history and lessons of the Holocaust with other modern genocides and human/civil rights issues locally, nationally, or around the world.

7. Offers students a unique experience that cannot be replicated in the classroom.

Our Exhibitions

Karkomi Holocaust Exhibition

The Zev and Shifra Karkomi Holocaust Exhibition tells the story of the Holocaust, from pre-war German life, to ghettos and concentration camps, to eventual liberation and resettlement throughout the world, with a special focus on post-war life in Skokie. More than 500 artifacts, documents, and photographs help illustrate the narrative of the Holocaust, while testimonies from local survivors add personal detail. A German rail car of the type used in Nazi deportation programs sits in the center of the building. The exhibition concludes with a summary film in the Pritzker Theater that connects the lessons of the Holocaust with other genocides.

Shanghai: Safe Haven During the Holocaust

July 15, 2021 - September 5, 2022

Shanghai: Safe Haven During the Holocaust sheds light on a lesser-known moment in Holocaust history: European Jews who had been shut out of country after country while trying to escape Nazi persecution found a beacon of hope in an unlikely place: Shanghai, China. In 1946, American photojournalist Arthur Rothstein began a project documenting the lives of Jewish refugees who now called Shanghai’s Hongkew District “home.”

The exhibition, which highlights Rothstein’s photographs and features artifacts from local Holocaust Survivors who lived in the Shanghai ghetto, is a tribute to human endurance, capturing both the enormous hardship and fierce perseverance of refugees and their families as they managed to not only survive but thrive.

RISE UP: STONEWALL AND THE LGBTQ RIGHTS MOVEMENT

October 10, 2021 – May 8, 2022

Rise Up: Stonewall and the LGBTQ Rights Movement explores the June 1969 police raid of the Stonewall Inn as the flashpoint that ignited the modern gay rights movement in the United States. In the last fifty years since the Stonewall Riots, America’s LGBTQ population has struggled for equal rights and representation under the law. Rise Up shares the voices and tells the stories of this movement.

Blending together historic images and artifacts of the LGBTQ+ rights movement, the 85 artifacts on display in Rise Up include posters from Harvey Milk’s campaign for public office in San Francisco, an original rainbow flag signed by its creator Gilbert Baker, and early LGBTQ magazines and publications.
