

## ILLINOIS HOLOCAUST MUSEUM & EDUCATION CENTER

Summer Upstander Activity Club

Week Three – Home

Home means many things. We all have a different type of home. Some of us live in apartments, some of us live in a house, and some of us live in a condominium.

Some houses have a whole garden! Some of us have window boxes for flowers because we do not have a yard. Everyone is different. Big, small, high up, tiny, or in a busy city or a little town.

People around the world have different kinds of houses due to the weather, climate, and living conditions of their environment.

What do you like best about your home?

What is your house built from? Bricks? Wood? Metal? Glass?

Below, draw a picture of your home. You can be as creative as you like!

## MY HOME

Don't forget to share a picture of your work! You can email the photograph to [education@ilhmec.org](mailto:education@ilhmec.org) to be entered into a raffle for cool prizes!
