Welcome!

Thank you for choosing to visit the Illinois Holocaust Museum & Education Center.

IHMEC is dedicated to preserving the legacy of the Holocaust by honoring the memories of those who were lost and by teaching universal lessons that combat hatred, prejudice and indifference. The museum fulfills its mission through the exhibition, preservation and interpretation of its collections and through education programs and initiatives that foster the promotion of human rights and the elimination of genocide.

This Pre-Visit packet was developed to prepare you and your students for your visit to the Museum. For all school groups, a visit to the Museum is inquiry-based: we ask students to respond to materials they see on their Museum tour while involving them in a conversation about the meaning and relevance of the objects they see, stories they hear and experiences they participate in. An Illinois Holocaust Museum visit is meant to engage students and spark their interest. If we succeed, students will leave with more questions than answers, as well as a desire to learn more.

HOW TO PREPARE YOUR STUDENTS FOR A VISIT

We are confident that the contents of this pre-visit packet will enable you to maximize the educational potential of your visit and engage all of your students.

Did You Know?

- The Illinois Holocaust Museum & Education Center is the second largest Holocaust Museum in the country.
- The Museum's Karkomi Holocaust Exhibition has over 500 artifacts, documents, and photographs on display, as well as a 20th Century German rail car of the type used during the Holocaust.
- Illinois became the first state in the entire country to mandate the teaching of the Holocaust in all public elementary and high schools, effective January 1, 1990. In 2005, the Museum helped expand the Mandate to include the study of other modern genocides.
- The Museum was created in response to an attempted Neo-Nazi demonstration in Skokie, IL in the late 1970s, where at the time 7,000 survivors of the Holocaust lived.
- The architectural features of the Illinois Holocaust Museum & Education Center affirm its place as both monument and memorial. Designed by renowned Chicago architect Stanley Tigerman, the 65,000-square-foot space incorporates historical and emotional symbolism as a response to the inhumanity of the Holocaust.
- A visit to the Illinois Holocaust Museum & Education Center aligns with Common Core State Standards for Social Studies, and English Language Arts. Students can practice reading and comprehending informational texts. They can also analyze content in multiple formats of media, as well as write informative/explanatory narratives based on their field trip experience.

Top Seven Reasons to Take a Field Trip to the Illinois Holocaust Museum & Education Center

1. Enhance student learning of history of the Holocaust as told through the personal belongings, photographs, historical records, and stories of local survivors and eyewitnesses.
2. Teach students why, how, what, when and where the Holocaust took place, including key historical trends/antecedents that led up to and culminated in the "final solution."
3. Apply examination and questioning of primary and secondary sources through the use of film, interactive text and graphics, diaries, letters, newspapers, and first-person testimony, actively engaging students in a direct connection with the ideas of those involved in the Holocaust, and bringing a more personal dimension.
4. Improve critical thinking and problem-solving skills by transforming history into lessons for today, inviting students to discuss the power of choice, responsibility, citizenship, and human rights, and to discover what influences our decisions to act as bystanders or upstanders in response to inhumanity.
5. Increase historical empathy and civic engagement by empowering students to take a stand for themselves and on behalf of others while motivating students to take informed, constructive, collaborative, and positive action in their community and around the world.
6. Apply historical knowledge to real and relevant problems today. Connect the history and lessons of the Holocaust with other modern genocides and human/civil rights issues locally, nationally, or around the world
7. Offers students a unique experience that cannot be replicated in the classroom.

Our Exhibitions

Karkomi Holocaust Exhibition

The Zev and Shifra Karkomi Holocaust Exhibition tells the story of the Holocaust, from pre-war German life, to ghettos and concentration camps, to eventual liberation and resettlement throughout the world, with a special focus on post-war life in Skokie. More than 500 artifacts, documents, and photographs help illustrate the narrative of the Holocaust, while testimonies from local survivors add personal detail. A German rail car of the type used in Nazi deportation programs sits in the center of the building. The exhibition concludes with a summary film in the Pritzker Theater that connects the lessons of the Holocaust with other genocides.

THE GIRL IN THE DIARY: SEARCHING FOR RYWKA FROM THE ŁÓDZ GHETTO

through September 24, 2023

In 1945, a diary was discovered in the liberated Auschwitz-Birkenau Camp. It was written by a 14-year-old Jewish girl named Rywka Lipszyc and documented her life in the Łódz Ghetto between October 1943 and April 1944. Rywka's diary told stories of a young girl who lost her siblings and parents, but never lost hope or her faith. More than 60 years after its discovery, the diary traveled to the United States, where it was translated to English, supplemented with commentaries, and published.

Rywka Lipszyc's diary, a moving memoir of life and adolescence in the Łódz Ghetto, is the focal point of this exhibition. Selected excerpts of the diary are supplemented by expert commentary from historians, doctors, psychologists, and rabbis. Blended with original artifacts and fleeting candid photographs of others' lives in the ghetto, these commentaries help us understand the experiences Rywka describes in her diary.

Through historical artifacts and documents, interactive touch screens, documentary videos, and exceptionally rare photographs, The Girl in the Diary explores the story of a young girl's fight for survival in the Łódz Ghetto and reconstructs what might have happened to Rywka after her deportation to Auschwitz and beyond. There are no known photographs of Rywka. We do not know the color of her hair or eyes, the way she smiled or laughed. She exists for us only through words she wrote. The Girl in the Diary is a tribute to the life of a child who will not be forgotten.

I'LL HAVE WHAT SHE'S HAVING: THE JEWISH DELI

October 22, 2023 - April 14, 2024

More than a place to get a meal, the Jewish deli is a community forged in food. "I'll Have What She's Having": The Jewish Deli explores how Jewish immigrants, mostly from Central and Eastern Europe, imported and adapted traditions to create a uniquely American restaurant. Organized by the Skirball Cultural Center, the exhibition reveals how Jewish delicatessens became a cornerstone of American food culture.

Get a taste of deli history through neon signs, menus, advertisements, uniforms, photographs, and film and TV clips. Plus, spark and share your own deli memories with fun photo ops and interactives!

CHIM: BETWEEN DEVASTATION AND RESURRECTION

September 22, 2022 – February 2, 2024

Chim: Between Devastation and Resurrection shines a light on oft-overlooked details about the aftermath of World War II on civilians throughout Europe. This exhibition by preeminent 20th-century photojournalist David Seymour, also known as Chim, (born Dawid Szymin, 1911-1956), thoughtfully presents the reconstruction of post-war Europe, workers' rights efforts, resistance, and above all, survival.

Though framed by the destruction and devastation of war, Chim focuses primarily on ordinary people and the intimacy of their daily lives, providing an overview of the aftermath of World War II in major European nations. Several of these photos are among the most iconic and recognizable of the era.

Chim: From Destruction to Resurrection is excerpted from *We Went Back: Photographs from Europe 1933-1956* by Chim, organized by the International Center of Photography and made possible by the John and Anna Maria Phillips Foundation and National Endowment for the Arts.

Room of Remembrance and Hall of Reflection

The Room of Remembrance pays special homage to the 6 million Jews murdered during the Holocaust. Representative names of victims line the walls in a moving tribute to those who were lost. The inspirational Pritzker Hall of Reflection provides a forum for peaceful discussion and contemplation for groups and individuals.
