Margo Jakobs

Daughter-in-law of local survivor, Edith Jakobs

Edith Jakobs was just 11 years old when she went into hiding in a small room in the countryside of Holland with her parents, brother and 9 others. What they thought was only to be a few weeks turned into 2 years and 8 months. Her story of survival is only one of many. Edith is a local Holocaust survivor and is too frail to attend. Her story will be shared by Margo.
